

TGD-F15 CAN

FUNCTIONAL DESIGN

NEW

TESTED ACCORDING TO

- » EN ISO 13849
- » EN 60204-32
- » EN 62061

Our CAN cable remote control TGD-F15 CAN impresses with its simple, functional design. Thanks to the three-row arrangement, all 15 single-step pushbuttons can be operated effortlessly, even when wearing gloves. Each of the pushbuttons comes with a status indicator (RGB) and additional backlighting. The labelling on the TGD-F15 CAN can be customised with stickers.
